

**Lion Councils: Help Spread the Word About Upcoming Lion
Survey
Planned for May 11-25**

Since its launch last fall, the Lion pilot program has grown from just four councils to more than 200. As we start laying the groundwork for recruiting and another year of activities, now is the perfect time to take a step back and see how we're doing.

Which is why, from **May 11-25**, we'll be sending out a survey to all registered parents and Lion Guides in participating councils. Please help us spread the word in your council by letting parents know that it's coming. The more responses we receive, the better insights we'll be able to gain into our newest (and biggest ever) pilot program.
