## Friends of Scouting

The \$13.75 paid to join Cub Scouts is not the full cost to participate in Scouting.

Each family will be asked to make a charitable contribution to support Scouting at some point during the year.

We refer to these donations as Friends of Scouting.

 BOY SCOUTS OF AMERICA. 17

Read this slide verbatim. (don't expound)

It is important that families understand that the full cost to join Scouting is significantly higher than \$13.75.

To allow all youth the opportunity to be a scout, we give parents and philanthropic individuals the opportunity to support Scouting thus keeping youth joining costs low.

Simply read the slide.
