

INFORMATION & LEADER'S GUIDE

CAMP SEQUOYAH
SEPTEMBER 27-29, 2024

WITH HUMBLE ORIGINS IN 2020...

Fish Camp has grown each year, rapidly becoming an event both Scouts and Scouters look forward to each year.

Operating from its home base at Camp Sequoyah, Fish Camp utilizes the classroom facilities in the Harbert Ecology Lodge and beautiful Lake Cross where bass, catfish, and blue gill are plentiful! Participants will be able to make significant progress towards earning the Fishing, Fly Fishing, and the Fish and Wildlife Management Merit Badges.

We're looking forward to having you at Camp Sequoyah for a weekend filled with fishing and angling fun. If this is your first visit to Camp Sequoyah, we hope you are hooked by the beauty of this beloved Scout Camp.

See you at the fishing hole!

HEALTH & SAFETY

Camp Sequoyah will have a qualified Health Officer and medical equipment to handle all minor injuries. Serious injuries or severe illness will be referred to EMS. The camp has made prior arrangements for handling emergencies. Unit Leaders are encouraged to provide first aid for minor cuts, blisters, and scrapes using a unit first aid kit.

TRIPS TO THE HOSPITAL OR DOCTOR

Unit leadership provides transportation for non-life-threatening emergencies. The Camp Health Officer must clear all cases requiring outside medical care and will provide the person's BSA health form with insurance information before leaving camp. Parents and emergency contacts will be notified by the Camp Director immediately of any serious illness or injury. One adult leader from the unit, and an additional adult, will accompany the unit member(s) requiring emergency services.

MEDICATIONS

All youth medications must be registered with the Camp Health Officer and then dispensed to the campers by the medical staff or an authorized unit leader. All medications checked-in must be in the original containers and marked with the Scout's name, troop number, and original medication information. Do not cover the information and instructions on the medications. Dosages and schedules must be the same as on the package; changes must be in writing. Medication in pillboxes and non-original containers will not be accepted. Please send only enough medication to be administered during the weekend at camp. The Camp Health Officer will work with the Scoutmaster to ensure that Scouts are taking their medication. It is the primary responsibility of the Scout and their Scoutmaster to know when they should be taking their medication.

Inhaler, EpiPen, or Similar Medical Device

If the BSA health form indicates that an individual MUST have these items, then the Health Officer will confirm that they are in possession by the individual. If NOT in possession, then they must be obtained, or the participant will be required to leave camp.

COMMON HEALTH ISSUES

Please prepare Scouts to counter common health issues:

Insect Bites, including tick: Please report imbedded ticks to the health officer.

Dehydration & Heat Exhaustion: Carry a water bottle and drink plenty of water while at camp.

Hazardous plants such as poison ivy, oak, sumac, and nettles.

Practice high standards of personal hygiene including washing hands regularly and covering mouth and nose when sneezing or coughing.

VEHICLES & PARKING

Each unit is responsible for the safe transportation of Scouts and adult leaders to and from camp. On arrival and departure, Troops may pull vehicles closer to their campsite for loading and unloading, but all vehicles must be parked in a designated camp parking area by 8:00 PM Friday night. Vehicles should not be driven into camp during the weekend, and roads through campsites and program areas are restricted to authorized camp vehicles only.

TRAILERS

Troop trailers may be left in the campsite or in other areas designated by the Ranger, but must not block any roads or trails. Trailers must be disconnected from the tow vehicle and the wheels must be chocked and the tongue must be secured on a block or stand to ensure the trailer is safe and secure.

ATVs, UTVs, & GOLF CARTS

Private motorized vehicles are expressly prohibited. Those with special mobility needs may request advanced permission directly from the Camp Director. Additional certifications, waivers, and Council-level approval will be required.

EMERGENCY PROCEDURES

Camp Sequoyah has written plans for emergency response such as severe weather, fire, a lost Scout, etc. Details will be shared at check-in. Adult leaders should always carry a unit roster and vehicle keys on them while in camp in case of an emergency or evacuation. Upon hearing an emergency signal (horn and camp bell) all individuals will **report to the parade grounds** as quickly as possible. Camp leadership will be present to provide further information.

Lost or Missing Scout

If a Scout is believed to be missing, unit leaders should first confirm that the Scout is not in the campsite, program areas, or other common gathering places about camp. If still not found, notify Camp Staff Leadership.

Buddy System

The buddy system of having two or more campers together is used during camp and is important. Please ensure your Scouts use this system and that everyone has a buddy.

ALCOHOL, TOBACCO & DRUGS

Alcoholic beverages and controlled substances are **absolutely prohibited**. Possession or use will be reported to local law enforcement.

BSA Camps are smoke-free. This includes the use of electronic cigarettes, vaporizers, or systems which simulate tobacco smoking. Camp Sequoyah's designated smoking area is located behind the dining hall.

PROHIBITED ITEMS:

Pets (except for service animals)
Fireworks and pyrotechnic devices
Personal Firearms, Air-Pistols, Bows, Ammunition, Slingshots
Bikes / Unicycles

RESTRICTED AREAS

Scouts and leaders are restricted from the staff area, the campsites of other Troops and program areas when they are not in use. No refunds for removal from camp for disciplinary reasons.

NO FLAMES IN TENTS.

Lighting in tents must be battery operated. Only adults, or older Scouts under supervision may use liquid fuels in camp.

ADDITIONAL POLICIES

- Do not throw rocks.
- Shoes must be worn and must be close toed. (sandals are allowed at the showers)

UNIFORM NOTES

Scouts and Scouters alike should wear comfortable clothes that are appropriate for the anticipated weather. Sunday Breakfast and Chapel Service are the two instances where the BSA Field Uniform is expected to be worn during Fish Camp. At other times, the activity uniform appropriate for your Troop, Crew, or Ship is acceptable.

ADULT LEADER TRAINING

Adult Leaders will be able to participate in the BSA's Angling Educator Course. This 6-hour training course will prepare you to deliver a quality Fishing and Angling program for your Scouts and District. At the completion of the course, participants will receive the Angling Educator patch and a certificate suitable for framing.
