

**Be a Mentor
Inspire Confidence
Develop Leaders
Expand *their* horizons**

Seabadge is a leadership and management training focused on the “how-to” aspects of managing a successful, youth-led Sea Scout program. While Seabadge was developed as an advanced leadership training program for Sea Scout adult leaders, the course is open to ALL adult Scout leaders. The driving theme for the training is to *Focus on Youth*, which makes the course especially valuable for any Scout leader working with older youth.
