How would you like to attend a training that takes you beyond your Basic Leader Training?

Would you like to build your skills in communication, conflict management, and teaching methods? How about a leadership course that rivals many corporate level training events? Do you want to have fun while you do it? You can do this and more at Wood Badge.

Wood Badge is an advanced, national leadership course that represents a month in the life of a scout unit. Wood Badge participants assume leadership roles to plan and carry out an extended outdoor experience.

You will learn and practice many things on the course, such as:

- Listening skills
- Managing conflict
- Leading change
- Stages of team development
- Coaching & Mentoring
- Leadership for different stages
- Servant leadership
- Project planning
- And more!

These come to you in presentations, games, discussions, activities, and other methods.

Benefits of Wood Badge training:

- **Stronger units.** You will make your Scouting unit — and your sons' and daughters' units — stronger.
- **What and why of Scouting.** You will have a deeper understanding of what Scouting is and why we do it.
- **Experience.** You will learn and experience things that will stay with you in Scouting and the rest of your life.
- **Fun.** You will have fun, and you will meet great people from around the council.
- **Universal applications.** This is leadership training for life, not just for Scouting.
